## FREE WHITENING FOR LIFE PROGRAM

“Free Professional Teeth Whitening for Life” is a courtesy, compliments of Dentistry by Design. This program is extended to patients who have proven themselves as individuals who take their oral hygiene and general dental health seriously. We believe it is extremely important to keep recommended hygiene care appointments and receive necessary dental treatment to maintain a healthy and beautiful smile. In fact, patients who keep regular hygiene appointments and receive recommended treatment spend less money on dental care (on average) than those who only see the dentist when a problem exists. All too often, people who wait until there is a problem have irreversible damage to their teeth and gums.

We pride ourselves in knowing our patients are maintaining the best possible oral health. Free Professional Teeth Whitening for Life was developed as gift for those patients who are already taking their dental health seriously, and as an incentive for those who need a little help keeping up with their dental care. Patient will receive custom made, professional, take home whitening trays for personal use.

“Free Professional Teeth Whitening for Life”, while absolutely free, does require some rules. Please read through the rules below carefully and sign the agreement, acknowledging receipt and understanding of the procedure. We insist that all rules are followed in order to receive this full benefit for life.
